

THE UNIVERSITY OF THE THIRD AGE

# NEWSLETTER SUMMER 2009

**KEEPING YOU INFORMED ABOUT  
FORTHCOMING SPEAKERS  
EVENTS AND OUTINGS ETC.  
GROUPS AND CONVENORS  
COMMITTEE MEMBERS**

The second issue already! I hope you enjoyed the first edition. Thanks go to Tom Mowbray who, before he printed it, inserted the logo of the Bracebridge Heath Water Tower and also the photograph on the back page. After discussion with the committee it was suggested that the logo be moved to the present position and this will appear on all issues in the future.

More material is needed to fill the newsletter. Perhaps someone in your group could write a report on how things are progressing or if your group is one that goes out and about it would be interesting to know about one of your visits. Without your input there will be no publication. The plan is to have the next issue in December and after that quarterly in March, June, September and December. The Visiting Churches Group is continuing for the summer months led by Helen Ash. Harley Moreton has found that his time is taken up with other things at present. In June we visited Bassingham Church and were given a very interesting guided tour by former Church Warden, Rona Pounder. We then visited the Methodist Chapel where we enjoyed tea or coffee and biscuits courtesy of Helen, as well as a potted history. We then had a look in the Heritage Room which is attached to the chapel and has books and pictures depicting lots of village history. Thanks go to Helen for arranging a very pleasant and informative afternoon which I'm sure everyone enjoyed.  
Stella Postlethwaite.

### Just for fun

Why aren't aeroplanes made out of the same material as the indestructible "black box"

Why are they called apartments when they are all stuck together.

### **Sign outside a car exhaust centre:**

**'No appointment necessary—we hear you coming'!**

### Tricky Arithmetic: **This must be done in your head, no writing it down or using a calculator.**

Take 1000 and add 40. Now add another 1000. Add 30. Add another 1000. Now add 20. Add another 1000. Now add 10. What is the total?

Answer on back page—no cheating!!

July 2009

By the time you read this we will have celebrated the first Birthday of the Heath U3A, Lincoln. Membership continues to grow steadily as does the variety of groups.

I would like to thank all the Group Leaders for their continued enthusiasm and the members of the committee for their dedication and support.

Last but not least we value you all as members for without you we would not have a U3A in the Heath.

We look forward to our second year hoping to maintain the quality of what we provide for you all.

Josie Moreton, Chairperson.

Photograph by Tom Mowbray

### COMING UP

September 14th Ian Walker. Recycling and what happens  
to our waste.
